Dear Mr. Saric and Mr. Schneider:

**TRANSMITTAL OF THE INTEGRATED ENVIRONMENTAL MONITORING PLAN,  
REVISION 2**

Reference: Letter, J. Reising to J. Saric, "Revised Integrated Environmental Monitoring Plan Data Reporting Process," dated October 3, 2000

This letter serves to transmit the Integrated Environmental Monitoring Plan (IEMP), Revision 2, for your review. The IEMP has been revised to reflect the monitoring program design envisioned for 2001 and 2002. Adjustments to the monitoring programs that are incorporated in Revision 2 are primarily designed to:

- Address any major remediation activities expected to begin during 2001 and 2002.
- Incorporate data and findings from the IEMP monitoring programs available at the time of Revision 2 development.
- Incorporate any new or revised regulatory requirements or agreements, any commitments made through IEMP Quarterly Status Reports, and the 1998 or 1999 Integrated Site Environmental Reports or associated comment response documents.
- Incorporate changes identified during the 1999 annual review and subsequently approved by the regulatory agencies.

Mr. James A. Saric  
Mr. Tom Schneider

- Improve the IEMP reporting strategy, as previously discussed with the Ohio Environmental Protection Agency (OEPA) and identified to the U.S. Environmental Protection Agency (U.S. EPA) in the referenced letter.

To facilitate and guide the review process, enclosed are summary tables that identify the proposed changes (beyond those already identified and approved during the 1999 annual review) incorporated in Revision 2 of the IEMP.

The target date for implementation of Revision 2 of the IEMP is January 1, 2001. This date supports the calendar year reporting and sampling structure outlined in the IEMP. Please return your comments on this document at your earliest convenience to allow time for incorporation of comments prior to the January 1, 2001 date. Upon your approval, the identified changes to IEMP programs and the new IEMP reporting strategy will be implemented. OEPA approval of changes to the IEMP will also fulfill Order 2a of the Director's Findings and Orders.

If you have any questions about the IEMP, Revision 2, or the changes made for this revision, please contact Kathleen Nickel at (513) 648-3166.

Sincerely,

Johnny W. Reising
